VirtualRig™ Studio 2.2. installers for both Microsoft Windows and Mac OS X; alpha transparency support . Peugeot 4007 The Peugeot 4007 is an executive car manufactured by French automaker PSA Peugeot Citroën from 1991 to 1999. It was also sold under the marque name 'Hébras' as a four-door estate version. Design The 4007 shares many features with the Peugeot 305, though with a more luxurious profile, a more discreet radiator grille, and a slightly larger (than 305) boot. The 4007's instrument cluster is very similar to that of the Citroën AX. It also has a similar top speed of 130 km/h (81 mph). However, it has a higher level of equipment and luxury in some areas, including leather upholstery, wood trim, metal grille bars and wheels. There is also a large amount of soft-touch plastics and a much larger sunroof. It had a number of standard features including twin front side airbags, traction control, 4WD and an ABS braking system. The engine was a unique overhead cam 2 litre petrol engine with 32 valves, developing, giving it a top speed of. The car was fitted with a 16 Valve version of the Muret engine also used in the Citroën AX. It was also available with a version of the Muret engine, with an automatic gearbox. The interior was fitted with a stereo cassette player and a single CD player. A steering wheel, with wood, was standard. Available equipment included power steering, power windows, a heated rear window, remote central locking, an armrest, cruise control, a VHF radio, electric mirrors, electric windows, wipers, a four-channel stereo, a clock, a horn, a speed 4bc0debe42
